

HEALTHCARE SERVICES AT AMICA THE GLEBE

Amica The Glebe is opening soon

Our senior lifestyles residence has been thoughtfully designed to provide seniors with everything they need today and in the years to come. Our professional care and support staff are available around the clock. Residents can live independently, secure in the knowledge they will always have the support and care they need. Should residents need additional support with daily living, our Assisted Living suites have a wellness team on the same floor. For residents living with Alzheimer's or other forms of dementia, full support is available on our secure Memory Care floor from our certified team members trained and proficient in dementia care. If lifestyle needs change, we will adapt to meet them, so our residents don't have to worry about moving again. If they are in need of extra care, we offer respite, short term, and convalescent stays, based on availability, with professional support available 24/7.

Amica The Glebe will offer:

- Three meals a day, plus snacks
- Weekly housekeeping and flat-linen laundry
- Dedicated transportation for scheduled shopping or excursions
- Premium amenities and engaging activities
- 24-hour emergency response system with personal pendants

Flexible care and support services will be available, including:

- Assistance with bath or shower
- Assistance with dressing and grooming
- Medication management
- Wound care
- Assistance with transferring and mobility support

Our residence is an ideal pay alternative to Long Term Care, including Assistance with Daily Living. We will offer assistance up to end of life care.

Please reference the chart on reverse side for a full list of our care services, whether for a permanent lifestyle or temporary respite care.
